

Country Sunshine

[G] [A7] [D] I was raised on country sunshine
green [G] grass beneath my feet,

[E7] Running through fields of daisies, [A7] wading through the creek.
You [D] love me and it's inviting, to go where [G] life is more exciting
But I... was [A7] raised on country [D] sunshine.

I was raised on country sunshine, I'm [G] happy with the simple things
A [E7] Saturday night dance, a picture show (*a bottle of Coke*)
and the [A7] joy that the bluebird brings.

I [D] love you please believe me, I wouldn't [G] want you to ever leave me.
But I... was [A7] raised on country [D] sunshine.

There's just [A7] something bout the morning
that makes each [D] day a joy to see. And [E7] nighttime brings a
peaceful feeling [A7] rest inside of me

I [D] love you, please believe me, I wouldn't [G] want you to ever leave me
But I... was [A7] raised on country [D] sunshine.

Yes, you love me and it's inviting, to go where [G] life is more exciting.
But I... was [A7] raised on country [D] sunshine.

Hmmm, [G] I... was [A7] raised on country [D] sunshine.
Oh, [G] I... was [A7] raised on country [D] sunshine.
