

[A] Hello walls, how'd things [D] go for you [A] today  
Don't you miss her since she [B7] up and walked [E7] away  
And I'll [D] bet you dread to spend  
Another [A] lonely night with me  
[D] Lonely walls, I'll [E7] keep you, [A] company

HELLO WALLS  
Recorded by Faron Young  
written by Willie Nelson

Hello window, well I [D] see that you're still [A] here  
Aren't you lonely, since our [B7] darling, [E7] disappeared  
Well look [D] here is that a teardrop in the [A] corner of your pane  
Now [D] don't you try to [E7] tell me that it's [A] rain

She went [E7] away and left us all [A] alone, the way she planned.  
[B7] Guess we'll have to learn, to get along  
[E7] without her if we can.

Hello [A] ceiling, I'm gonna [D] stare at you [A] awhile.  
You know, I can't sleep, so won't you  
[B7] bear with me [E7] awhile  
We must [D] all stick together or [A] else I'll lose my mind  
I've got a [D] feeling, she'll be [E7] gone, a long long [A] time
