

[A] Hello walls, how'd things [D] go for you [A] today
 Don't you miss her, since she [B7] up and walked [E7] away
 And I'll [D] bet you dread to spend
 Another [A] lonely night with me
 But [D] Lonely walls, I'll [E7] keep you, [A] company

Hello window, well I [D] see that you're still [A] here
 Aren't you lonely, since our [B7] darling, [E7] disappeared
 Well look [D] here, is that a teardrop in the [A] corner of your pane
 Now [D] don't you try to [E7] tell me that it's [A] rain

[E7] She went away and left us all [A] alone the way she planned.
 [B7] Guess we'll have to learn, to get along
 [E7] without her if we can.

Hello [A] ceiling, I'm gonna [D] stare at you [A] awhile.
 You know, I can't sleep, so won't you [B7] bear with me [E7]
 awhile. We gotta [D] all stick together or [A] else I'll lose my mind
 I've got a [D] feeling, she'll be [E7] gone, a long long [A] time
