

# Hot legs

[A6] Who's that knocking on my door ,  
It's gotta be a quarter to four  
Is it [D9] you again coming 'round for [A6] more  
Well you can [E7] love me tonight if you want  
But in the [D9] morning make sure you're gone

I'm talkin' to you [A6] Hot legs, wearing me out  
Hot legs, you can scream and shout  
Hot legs, are you still in school - I love you honey

[A6] Gotta most persuasive tongue,  
You promise all kinds of fun  
But what you don't under [D9] stand I'm a working [A6] man  
Gonna [E7] need a shot of vitamin E  
By the [D9] time you're finished with me

I'm talking to you [A6] Hot legs, you're an alley cat  
Hot legs, you scratch my back  
Hot legs, bring your mother too - I love you honey

[A6] Imagine how my daddy felt,  
in your jet black suspender belt  
Seven [D9] teen years old. He's touching sixty [A6] four  
You got [E7] legs right up to your neck  
You're making [D9] me a physical wreck

I'm talking to you [A6] Hot legs, in your satin shoes  
Hot legs, are you still in school  
Hot legs, you're making me a fool - I love you honey  
Hot legs, making your mark Hot legs, keep my pencil sharp  
Hot legs, keep your hands to yourself - I love you honey  
Hot legs, you're wearing me out Hot legs,  
you can scream and shout  
Hot legs, are you're still in school - I love you honey  
Hot legs you're well equipped Hot legs now your pussy's whipped  
Hot legs I just love your lips - I love ya I love ya I love ya
