

# IF I ONLY HAD A BRAIN

*[Scarecrow]*

**[G7]**

I could **[C]** while away the hours **[F]** conferring with the flowers,  
**[C]** consulting with the rain

And my **[F]** head I'd be scratching while my

**[G7]** thoughts were busy hatching if I **[C]** only had a brain

**[G7]**

**[C]** I'd unravel any riddle for **[F]** any individ'le, in **[C]** trouble or in pain

*[Dorothy]* With the **[F]** thoughts you'd be thinking you could

**[G7]** be another Lincoln if you **[C]** only had a brain. **[C7]**

*[Scarecrow]*

Oh, **[F]** I would tell you **[C]** why,  
the **[Dm]** ocean's **[G7]** near the **[C]** shore.

I could **[Dm]** think of things I **[E7]** never thunk **[Am]** before  
And then I'd **[D]** sit and think some **[G7]** more

I would **[C]** not be just a nuffin', my **[F]** head all full of stuffin',  
my **[C]** heart all full of pain. I would **[F]** dance and be merry.  
Life would **[G7]** be a ding-a-derry, if I **[C]** only had a brain.
